

Welcome to Pomorskie Region!

There are not many places in Poland like Pomorskie Region. Its magic is created by the murmur of the waves of the Baltic Sea. The capital of the region – Gdańsk – is a city with a thousand-year-long history, a mixture of events, dates, historic figures, climactic events, the cradle of Solidarity. Together with modern healthresort Sopot and economically dynamic Gdynia, Gdańsk forms a unique conurbation called the Tri City.
